("GWQ-V;GWRRF-L0")  
- Appoints Dale Reimer as Director

GWR Resources is very pleased to announce that Dale Reimer has joined GWR's Board of Directors. Mr. Reimer has been employed by Imperial Metals and its subsidiaries for the last 14 years, and is currently involved with the feasibility and recommencement of operations for the Mount Polley Mine (which is approximately 40 kms from GWR's Lac la Hache Property). Mr. Reimer has been actively involved in the mining industry since 1988. He started his mining career with Corona Corporation at the Nickel Plate Mine, and subsequently joined Imperial Metals in 1991. He was a member of the management team at the Goldstream Mine during its operations and was also a member of the construction management team which "fast-tracked" the Mount Polley Mine into production in 1996. With his extensive experience in the mining industry, Mr. Reimer is expected to provide a valuable contribution to GWR Resources in respect of its ongoing exploration program on its Lac la Hache property.
