Attention Business Editors:
^GWR Updates Drilling Program on Lac La Hache Property@

VANCOUVER, Oct. 31 /CNW/ - GWR Resources (GWQ - TSX Venture) announces that the latest drill hole on its Lac La Hache Property has been discontinued at an approximate depth of 1,700 feet. This hole was still in mineralization, but was discontinued due to technical difficulties at this depth. Drill core has been logged and split and sent off to the independent lab for assaying. Assay results are not expected for at least 3 weeks. The next drill hole has commenced and is ongoing. Further news will be announced when appropriate.
